RESOLUTION.—No. 3015Medl.

CALCUTTA, THE 13TH DECEMBER 1929.

Under rule 28 of the Rules under the Medical Act, 1914, Government have taken into consideration the objection made by Babu Amulyadhan Mukerji against the election for the constituency formed by section 4 (h) of the Bengal Medical Act, 1914, as amended by Bengal Act III of 1928, and in the exercise of their powers under the said rule Government declare the election to the Council for this constituency to be void through sufficient cause. It appears that certain of the voting papers have been marked with more than four crosses, one of which was deleted, with the result that doubts arise as to the intention of the voter, and that these papers occurred in sufficient numbers to affect the result in the case of one candidate.

2. As the rules do not provide for the election of one member only out of a plural constituency, Government have no alternative but to declare the whole election for the constituency constituted by section 4 (h) of the Act to be void and to call on the electorate of this constituency to make a fresh election before 28th February 1930. Proceedings will begin from the procedure for nomination laid down

from rule 13 of the rules notified in notification No. 1690Medl., dated 5th July 1929, and fresh nominations should be called for at once.

**Rules and Schedule of Rates of Tolls.**

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

*Class I.*—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

*Class II.*—To include steam boats, motor boats, flats and barges and other square built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements:—

**CLASS I.**

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of  $12\frac{1}{2}$  maunds, any remainder of less than  $12\frac{1}{2}$  maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

**CLASS II.**

For vessel of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. If on demand the ticket is not produced, such person or officer shall assess the tollage. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

(b) The reserve of taxation or other possible means of increase in the revenues of the municipality, the rates at which each of the taxes mentioned in column 12 on the reverse are levied, other than tax on persons, should be stated here.

(c) A statement of all outstanding loans specifying, in respect of each loan, the date when taken the purpose (very briefly), the amount the annual charges involved, and the amount still payable.

(d) Any explanations in regard to receipts and expenditure to show the true financial position of the municipality when such position is otherwise than the ordinary surplus would indicate.

#### Replies.

(a) It has been proposed to levy as usual a water-rate at 6 per cent. on the annual value of holdings without water connections and at 7½ per cent. on holdings having water connections. This together with the surplus of the rate realized on the west of the river Lakhya will go to meet the charges for the water extension scheme for the east side.

(b) To increase the revenue by the imposition of water rate as above in the usual way. The house tax is levied at 6½ per cent. on the annual value of holdings. The latrine tax on a scale sanctioned by Government (*vide* page 94 of Government of Bengal L. S.-G. Department Resolution reviewing the reports on the working of municipalities in Bengal during the year 1927-28).

(c) A loan of Rs. 25,000 was received from the Government on the 11th October 1911 for completion of the construction of the existing water works on the west side of the river Lakhya, the annual charges involved on the loan is Rs. 1,827-12 and the amount still payable is Rs. 4,307-14-4.
